Maureen Rehak, LCSW, ACSW

Introduction: Maureen has a master's degree in Social Work and has worked in behavioral health in Arizona for 30 years primarily with children and families. Her early experiences were in direct care, i.e., hospitals, group homes, residential treatment centers, as well as private practice. Her previous experience also includes clinical and administrative oversight at the RBHA level. Although her work has focused on children and families, through her experience with a provider and the RBHA she has also clinically supervised both adult and children's programs and services.
